Lucio Rispo's Summary

Lucio has more than 30 years of experience in multinational and multicultural environments. Lucio is currently Managing Director. at BioGeM, a European leader in the biotech research and services. He is responsible for developing a service strategy and services based on a network infrastructure which allows internationally cooperation. In 2006 Lucio founded the telecom division of Pradac Informatica, Srl, which provides value added services for telecom companies, and which was acquired Amuser in August 2007. Prior to Amuser, Lucio has held several executive positions including Worldwide Telecom Sales VP at Sema Group, President at Nortel Networks for the Southern European Region and CEO for Europe and Latin America at Bull. In addition, Lucio serves on several advisory boards for strategy and development.
